Summary

Full-stack developer with experience in creating **institutional websites** and **custom projects as a freelancer**, using **React, Next.js, JavaScript, HTML, and CSS**. Graduated from **Le Wagon's intensive bootcamp**, where I developed practical applications with **Ruby on Rails**, I continue to specialize in **modern technologies** with a strong focus on **accessibility and performance**.

I am seeking to consolidate my career as a **full-stack developer** by contributing to projects that combine **design, usability, and best development practices**, while working in teams that encourage **continuous learning and innovation**.

Education

Le Wagon
São Paulo, BR
Full stack developer
10/2024 - 12/2024

- Intensive training in web development with a focus on **HTML, CSS, JavaScript, Ruby on Rails**, and more;
- Developed **practical projects both in teams and individually**, with weekly deliveries and continuous feedback;
- Built a **fully functional marketplace from scratch**, applying programming logic and responsive design;
- Pitched the idea for the **GigGoers app**, led part of the development, and completed the project in just **2 weeks with a 4-person team**.

Academia Internacional de Cinema
São Paulo, BR
Technical Degree in Film Directing
02/2019 - 12/2022

- Directed **short films** and worked in various **audiovisual production roles**;
- Enhanced skills in **teamwork, creativity, and project management**.

PUC Minas
Belo Horizonte, BR
Bachelor's in Philosophy (unfinished)
02/2007 - 11/2009

- Developed skills in **critical thinking, logical analysis, argumentation, writing, and clear communication.**

Professional Experience

Freelancer
São Paulo, BR
Full-stack developer
2025

- Development of **institutional websites** and **custom projects** using **React, Next.js, JavaScript, HTML, and CSS**;
- **Deployment setup** (Vercel/Netlify) and custom domain configuration;
- **Visual identity design** and responsive interface structuring;
- Support in **content creation and copywriting** for digital platforms.

O Antagonista/Revista Crusoé
São Paulo, BR
Social Media Editor
2017 - 2024

- **Production and management of multiplatform content** (Facebook, Instagram, Threads, X, YouTube, TikTok, WhatsApp, Telegram, and newsletters), reaching **millions of readers in real time**;
- **Journalistic projects** in partnership with **Google and Facebook**;
- **Editing, data analysis, and direct audience engagement**;
- **Live coverage** of debates and national-level political events.

Brasil Comunicação
Belo Horizonte, BR
Social Media Manager
2013 - 2017

- **Management and production of social media content** for a **nationally prominent political party**;
- **Collaboration with design teams** to create visual campaigns;
- **Live coverage** of events and debates at the national level.

Projects

Fabio Montanari
https://fabiomontanari.com/   Período de datas

Multilingual website (PT/EN) with sections dedicated to the professional journey of a screenwriter and director.

- Developed a **multilingual institutional website in Next.js**, with customized sections to present the professional trajectory;
- Structured **modals, carousels, and thematic pages**, ensuring responsive design, accessibility, and performance;
- Responsible for the entire **development, deployment** (Vercel & Netlify), and **custom domain configuration**.

Museu Autobiográfico e Território_Leste
https://www.museuautobiografico.org/   2025

Cultural project and digital museological experience, combining art and innovation.

- Created an **interactive digital museological experience in Next.js**, merging art and technology;
- Structured **dynamic layouts with SVG animations, modals, and carousels**, enhancing fluid navigation, responsiveness, and accessibility;
- Responsible for the entire **development, deployment** (Vercel), and **custom domain configuration**.

Renata Lage Psychologist
https://www.renatalagepsicologa.com.br/   2025

Institutional website developed for psychologist Renata Lage, focused on digital presence and accessibility.

- Developed a **single-page application in Next.js** with a **language switch system** (PT, EN, FR, ES) via Context API;
- Designed a **clear and consistent visual identity**, prioritizing typography, accessibility, and user experience across devices;
- Responsible for the entire **development, deployment** (Vercel), and **custom domain configuration**.

Personal Portfolio
https://www.caiocastelhano.com.br/   2025

Personal website created to showcase professional background, projects, technologies, and contact details.

- Built a **personal portfolio with React and Vite**, structured as a single-page application;
- Designed a **responsive layout** focused on accessibility and clear visual composition;
- Implemented a **language selector (PT/EN)** and a **downloadable CV button**;
- Responsible for the entire **development, deployment** (Vercel), and **custom domain configuration**.

GigGoers
https://giggoers-f8d886acbf20.herokuapp.com/   2024

App for music lovers to find concerts based on geolocation.

- **Conceptualized and developed** the project with a **4-person team** during the **Le Wagon bootcamp**;
- Built the app in **Ruby on Rails**, implementing **authentication system, event CRUD, and map integration**;
- Designed a **responsive layout** and delivered a **functional MVP in just 2 weeks**.

Chef Toi
https://cheftoi.onrender.com/   2024

Platform connecting culinary talents with personalized gastronomic experiences.

- **Ideated and developed** the project in one week with **Ruby on Rails** as the main framework;
- Actively contributed to the **front-end** (HTML, CSS, JavaScript) and integration with the **Rails back-end**;
- Delivered a project focused on **usability and an intuitive user flow** for registration and navigation.

Skills (Front-end / Back-end / Tools & Deployment / Soft Skills)

HTML · CSS · JavaScript · React · Next.js · Figma · Ruby · Ruby on Rails · CRUD · MVC Architecture · Git · GitHub · Vercel · Netlify · VSCode ·
Organization · Teamwork · Adaptability · Clear Communication · Analytical Thinking · Continuous Learning · Attention to Detail

Certifications

Learn React — Scrimba - 2025
